Foreword by President Barack Hussein Obama

People of America and people of soon-to-be-America, prepare to fuck ... well.

In this collection of sexual tips lies everything you'll need to know in order to suck, fuck and lick your partner high above where the eagles soar. Now, literally everyone I know warned me to not attach my name to this book, but if there's one thing I've learned from being president over the last eleven years, it's that you gotta be you. And President Obama hungers for sexual knowledge.

What these gentlemen have done is nothing short of miraculous. For dozens of years people have been having sex poorly, and with this book Matt and Chip have burst into all of our bedrooms with their greasy, tender hands, and guided our average bodies to a bunch of orgasms.

If you take offence to what they've done here, well, I immediately pardon that offence, as is my power. So you may as well just enjoy what you're about to read.

A stylized, handwritten signature of Barack Obama in pink. The 'O' is a simple circle with a smiley face inside. The letters 'b', 'A', 'R', 'A', and 'A' are connected and written in a cursive-like style.

SEX TIPS for you and yours

Let your man know you're thinking about him all day long by using digital technology to constantly maintain surveillance of his erection.

Try sex toys to add a little variety in the bedroom. Maybe a slutty Optimus Prime?

When making love, whisper in her ear, "god is dead," to let her know that it's OK to get real freaky.

Don't forget to thank your sexual partner with a "Thanks for the fuck" greeting card or a replenishing fruit basket.

EROTICA to read to your illiterate lover

Janice wanted to fuck the vampire. More than any werewolf or ghost. The thought consumed her. She unzipped Gary's dirty jeans to unleash his undead, alabaster peener and was stunned at what she saw.

"It ... it's so small and soft," she blurted gently, her super-moist mouth suddenly drying up as if a dicksponge was recently in it. Gary explained.

"It has been too long since I've fed, and so my body cannot spare the extra blood required for an erection. Perhaps if I feasted on you for a bit...?"

Janice nodded, willing to sacrifice anything for a crazy dicking, and Gary plunged his teeth-boners into her thick neck, taking a good gallon of the yummy blood. Janice was pretty weak, but she still went straight for his flesh stake, which was now hard as a rock.

"Oh. It's ... still so small."

"Yes. Sorry."

EROTICA to get your labia crazy hard

Ellen had never known the touch of a woman before and was awfully nervous. But Kasha knew this, and tried to make it easier for her. She slowly slid her hand down Ellen's nice pantsuit and began a light fingering. Ellen moaned reservedly.

"It's OK, Ellen," purred Kasha. "Just think of my fingers as little dicks." This reassured Ellen, who had a long history of loving dicks. Kasha moved south, slipping that pantsuit right off and folding it nicely before tearing Ellen's underwear to shreds, revealing her before-this-moment-heteropussy.

"Don't worry, Ellen. I'm just using my tonguedick on you." Kasha began teasing her ladybits with that tonguedick, and it didn't take long for Ellen to orgasm like a seal flopping around on a hot rock.

Kasha moved back up and kissed Ellen on the mouth. Ellen pulled back, with a quizzical look.

"Why does your breath taste like cum?"

"Oh shit. I tonguecame in your muff. Are you on the pill?"

TRUE TALES OF FINDING PORN from our erotic readers

“We found the literature open on a pile of limestone. Swank magazine. Centerfold. Penetration. Just feet away, another lay open face down. Not far from that magazine lay another and another. Like a trail of bread crumbs, they led to a boxcar sitting amongst the rubble. The door to said boxcar, invitingly ajar with books bursting from the entrance.

“Blinded by curiosity we entered the boxcar to find a mountain of porn. We stepped onto the magazines which sounded like a pile of autumn leaves. After the astonishment of our discovery wore off, our eyes adjusted to the sunlight entering the boxcar. All four of us looked up together to see eight homeless men sitting on couches at the other end.” -**Burns**

“I found my unprecedented THIRD phone abandoned this year. I opened it up and found a folder named “boobs”—which was empty—and a single penis.” -**Nick**

Rub beloved film star and rapper Ice Cube all over your partner's body.

Read her 50 Shades of Grey in bed because women find a sense of humor very sexy.

HARD-ON FINK

Directed by Joel and Ethan Boen
Starring Johnny Spurturro, Jazmine St. Cocaine,
Steve Buscemi

When up-and-"cumming" pornograph writer Hard-on Fink "cums" to Hollywood to write for motion pictures, he "cums" to realize there's a lot more to the life of the mind than just cumming all over everything all the time. Like racism. And the Second World War.

Directed by Orson Belles
Starring Sluice Cox-Lightener, Jeff Ridges

Two video game nerds fuck a Galaga or something, then run around in weird neon body condoms, throwing Frisbees at one another's dicks for like forty-five minutes. Kind of gay? Hard to tell.

I have begun dating a real sweet vegan gal. I'm trying to respect her needs, but it can be exhausting. The problem is that so many animal products are in condoms and they're tested on animals! I'm looking for options and products that you can recommend that wont make me look like a careless boyfriend when I pull them out in the bedroom. -Paul

Have a vasectomy. If you really care about this girl it's the only way. Or you could google "Vegan condoms" and choose from any of the number of certified animal-and cruelty-free condoms and lubes produced today. -Matt

I am unable to help here as I do not believe in cruelty-free sex. Sorry. -Chip

TRUE TALES OF DIDDLING YOUR STUFF

from our erotic
readers

“I recently spent time in Israel on a fairly large group trip, and one of our activities was spending a night in the desert. My friends and I were struck by the beauty. Its cresting dunes and vibrant sunset filled us with pure awe. Needless to say, we had to cum in it. We had to plant our seed in Israel, so that no matter where we were, we would always be connected to the Holy Land. So, after everyone else had gone to sleep, we snuck off into the night, so that we could make our small cum oasis in peace. We lay in a circle, and one by one left our mark. We didn’t even require pornography, for the sheer beauty of the land around us was enough.” **-Max**

“With me (and many others) masturbation started in the bath, so naturally when I got a waterproof vibrator I thought I’d get back to my roots and give my bed springs a rest. Little did I know that I didn’t have the battery end screwed all the way on, so once I got pretty heated and turned on said phallic mechanism I got shocked. Yeah. I was frightened for the few seconds of realization, then shortly after laughed hysterically. I now love electricity, go figure.” **-Amanda**

TRUE TALES OF FIRST TIMES from our erotic readers

“So me and the first girl I ever kissed have decided, rather suddenly, that we should have sex, like, RIGHT NOW. But, because neither of us had ever had sex before, neither of us had condoms.

A solution presents itself to us: in her house, where we were, was a bag of party balloons. And we're like, “a condom's basically just a balloon that goes on a dick, right?” Right? Right. So kneeling over her while we're both completely naked, I rip open the bag with shaking hands and they go flying everywhere, including onto her breasts. Very “American Beauty.” I pick a purple- black one up, and, through a combination of her saliva and my own grim determination, we manage to get the damn thing onto my cock.

However, due to physics, biology, poor planning, the balloon would not come off over the head of my penis without causing severe pain. Finally, the girl to whom I'd lost my virginity, and whose virginity I'd just taken, agreed to just rip the thing off as fast as possible.

I had a bruise for a week, and the head of my cock was stained purple(r) for almost as long.” **-Alan**

GENITALS OF THE FUTURE PROBABLY

if you're having sex troubles, maybe wait a few years for these advances in sexology

Balls. WHY ARE THEY ON THE OUTSIDE OF THE BODY? It's crazy! They're very important and easily hurt! Sure, it's nice when someone licks 'em or electrocutes them a bit but that's not worth the constant worry about slamming them in your desk drawer. So, I think they should be relocated to just under the heart, because they are just that valuable.

Vaginas are fantastic, but I have some suggestions. First, clitorises should glow. It would have saved me a lot of trouble from ages 17-20. Next, and this goes for guys too, pubic hair should be softer and maybe fluffy like a pillow. And instead of just your li'l pee hole, ladies should get to have a tiny penis. Not too much that it gets in the way, but just enough that you can grab it and pee standing up with ease. Also, maybe I can suck it a bit?

Penises are cool and all, but maybe instead of going soft, they can just be collapsible. That way, if a guy is losing his erection, instead of gettin' squishy, it can get a little bit shorter, but compensate with the ridges created from the collapsing! Also, maybe a tiny vagina just above the penis, for deep throatin' champs who want to give a little nose lovin'. Also, it bleeds once a month so guys can deal with that shit too.

Butts are great and fuckable, but it's still hard to get past the poo part. So why not another non-poo orifice down there? Then you wouldn't have to make sex where poo comes from, I ... you're still going to do it aren't you? No matter how many holes I give you it's never enough, damn you! You'll always fuck the poo spot!

Also, butts should have nipples to play with.

Boobs should have orifices too I guess.

TRUE TALES OF FIRST TIMES

from our erotic readers

“We get down to business, and he starts off weird with his hands down my pants, talking through it, and I’m internally snorting. Then, we’re off to the races, and he gets ambitious and hits it from behind, but since he’s totally wasted, he’s fully pulling out and then missing. He’s punching my taint and butt with his dick and I finally have to say, “Hey, not my ass.” He lies down exhausted and says, “I think I’m a little too drunk... We can always try again in the morning.” At this point I’m thinking to myself ‘Gurl, get your ass out of there.’ So, we settle into bed, and I’m still wide awake. I text my friend (since it was my first time) and she recommends I GTFO.

I surreptitiously get out of bed and try to put on my jeans without making noise. A quarter falls out of my pocket and bounces on the floor with a noise like a gunshot. He wakes up and asks where I’m going.

I say, “Oh, my...contacts are acting funny, I need to go take them out.” He proceeds to walk me to the front door. Stark ass naked. And then gives me the most awkward hug of my life, while holding his junk in his poor little hand.” **-Kelly**

TRUE TALES OF FIRST TIMES

from our erotic readers

“He asked me to go with him to get some cigarettes so I hopped in his Chevette with Star Trek seat covers and we were off. We ended up parking in a gravel pit-like area. I admit it was in extremely poor judgment but I was 15 and for some reason I thought I was going to die soon and wanted to get this over with before that happened.

I had sex in the front seat of a Chevette with Star Trek seat covers with a guy in spandex shorts. Did I mention I'm 5'10"? This was no easy feat. We were interrupted by him being paged (remember pagers?) by his mom. He took me back to my cousin's boyfriend's house, but by then they'd left me there!

So there I was, stranded in a town 25 minutes away by car, recently fucked and fucked over, and left with a neck full of hickeys so bad it appeared as if I was strangled. And that's exactly what I lied to my mom when she had to pick me up. I told her that my cousin and I had been fighting and she strangled me and left me there.” -**Missy**

TRUE TALES OF FINDING PORN from our erotic readers

"I was 12 when I stumbled across my first crumpled and damp book of wonder. It started in McDonalds and, well, that's also where it ends. I finished my Happy Meal and looked through the plastic leaves and branches of the fake shrubs that separated the booths. I looked through the leaves and saw a naked lady. A naked lady in McDonalds! Who takes porn to a McDonalds? Who leaves porn in a fake McDonalds hedge?! And why was it damp? WHY WAS IT DAMP?!" -**Scott**

"I came across a nude clipping in downtown Seattle. It was next to an I-5 offramp in SoDo and I saw it on my way to a Mariners game. Unfortunately, my dad was with me, so there wasn't much I could do beyond keep walking and pretend I didn't see it so as to avoid a terribly awkward conversation." -**Morgan**

HOT POSITIONS

the chocolate mckitten

Two poos becoming one is the ultimate act of intimacy, so much so that The Chocolate McKitten has become de rigueur as a replacement for traditional wedding vows.

Also known as "Mac and Me: The Sex Move" when using Skittles.

queeps

Danger is a strong aphrodisiac, but remember to point the gun away from your partner when nearing climax, as it's all too common to pull the trigger when you cum.

HOT POSITIONS

the candle in the wind

Created in tribute to the late Diana, Princess of Wales, who loved it so much she was known affectionately as “The Pee Pole’s Princess.” Did you know this book cannot be sold in the United Kingdom because of that joke?

brimping

The creators of “Gee, Your Hair Smells Terrific!” weren’t stopping with shampoo: in 1976, the Gee Your Company Isn’t Litigious corporation revealed this sexual possibility to coincide with the American bicentennial.

the fleshy lightswitch

This fun move was created by Lighttube Flashlights to promote the flashlight as an erotic device. They went out of business when people confused them with “fleshlights,” horribly cutting their penises.

TRUE TALES OF FINDING PORN from our erotic readers

“My friends and I found a stash in the woods next to a creek. In panic and shame, we threw a copy of the Jenny McCarthy Playboy into the water. Months later, in the cold Ohio winter, we found that copy perfectly encapsulated in ice, like Mr. Freeze’s wife; preserved forever in perfection in an icy coffin, never to survive warm hands again.” **-Andy**

“My best friends and I discovered a treasure trove of torn pages of pornography. Being the wise old age of nine we spent WEEKS building a den deep in some bushes to house this treasure. We excavated a series of rooms to fully marvel at the majesty of our mucky books. The close proximity of the raw power of pornography eventually corrupted one of us and one day the stash was gone. Accusations flew but no one would admit to it. It looked like the mystery would never be solved until a week later when one of our group was no longer allowed out to play. Apparently they had taken the porn and hidden it on top of their shed, where it remained...until a big family BBQ, where, disturbed by a breeze, the pages had rained down upon the gathered masses.” **-Richie**

TRUE TALES OF FINDING PORN *from our erotic readers*

“As a kid I found an old, mostly-disintegrated porn magazine in the bush behind our house. All that was left was a softcore pictorial spread of a shy, young farm girl dressed in cutoffs, a knotted plaid shirt and sensible boots, holding a hatchet and chopping wood. I flipped the page and everything was still the same, except the shorts were gone, then the shirt; but thankfully, never the boots—safety first. And then the narrative really fell apart, and she was just holding an axe and fingering herself on top of a hay bale, and my confusion knew no bounds. That magazine left two indelible marks on me: I will always maintain that waist-down nudity is the least erotic of all, and that wood chopping will always affect me sexually.”

-Stephanie

“My friend and I found porn at 14 when we were working at an amusement park. Amusement park parking lots have to be on par with the drive-in theater for places to have sex. Every day there were numerous used condoms littering the parking lot and once we even found a ridiculously large dildo.” **-Jason**

TRUE TALES OF DOIN' IT

from our erotic readers

"I got a ring stuck while giving a blow job. I started choking. I was thinking, this is it. This is going to be how I die. Choked to death on cock. Death by weiner. I thought about my funeral and the people asking my mom how it happened. I started laughing so hard at the absurdity of it all, that it came unstuck and all was well." -**Missy**

"I once lay down on the bed and told my husband to 'stick your man plunger in my lady toilet.' It didn't work for me, but I hold out hope for others." -**Rose**

"I once accidentally shot my own jizz in my mouth when I was masturbating, but I feel like that's probably happened to a lot of guys." -**Ryan**

EROTICA erotiCAN not erotiCAN'T

Marvin was reluctant. Terry tried to ease his mind.

“Come on, man. I sucked you. Now you just have to suck me. No biggie.” Terry undid his jeans, casually, like it was no biggie.

Marvin was still pretty unsure. He DID enjoy being sucked, so it seemed only fair to return the favor. But what awaited him in his good buddy’s denim tool chest? He kneeled down and gingerly pulled down Terry’s discount underwear, shocked at what he found.

“It’s a penis! Just like mine!” Marvin squealed. “Ha ha! Fantastic! I love my penis! This is such a great opportunity to engage another penis! Yay!”

Marvin gobbled the shit out of it, just went to town, cause how often does someone who HAS a penis get to play with ANOTHER one? What a wonderful thing.

Terry smiled. Everything was going according to his plan to cum.

TRUE TALES OF WET DREAMS

from our erotic readers

“I thought that I would tell you about my first ‘wet dream.’ I was about 11 or 12 when it happened and in the dream I was at a pool party. I saw some girl sitting in the hot tub who was a little bit older, i.e. 13 or 14, i.e. desirable, so I approached her and we started talking. I don’t remember what was said, but it must have gone well because we didn’t even leave the hot tub for a more private place, I was just vigorously humping her in clear daylight. At first, she was enjoying it quite well, so I kept on going. However, as we went on, the expression on her face slowly turned into one of horrified disgust.

I stopped and asked her what was wrong before she replied, ‘It’s ok, most guys shit themselves when they hump me.’ I awake immediately to realize that I had indeed just pooped myself. It was really awkward too because I was on vacation with my family and I was sharing a bed with my brother.”

TRUE TALES OF FINDING PORN from our erotic readers

“The weaseliest kid in my grade 7 class somehow got his unworthy little hands on a new-car-smell issue of Penthouse, and told the rest of us that he’d show it to us in the woods behind the school over the lunch break.

Six or seven 13-year-old boys descended on the woods. The fight lasted about 45 seconds, in which all of us—nerds every last one—fought each other like animals for right and title to a single article of pornography, with not a single word spoken, except by the poor kid who’d brought the magazine in the first place, who tried to talk us out of it, while we destroyed his prize, and ourselves.

The Penthouse was ripped into so many pieces in the course of that fight that to this day, I remember the ass and labia of a lady against the clear blue sky, but have no idea what her body or face looked like above the waist, because she’d been bisected through the midsection. I hung on to that shred, and a few others, limped home bleeding and hid them under my mattress, until I worked out that taping them to the underside of my sock drawer was way smarter.” **-Matt**

SEX TIPS

these'll do the trick

Stage a hot rendezvous in a hotel room. Use an assumed name. Rent a car unlike your own. Drive an unpredictable route. Arrive at a time long past when you'd normally be asleep. Your name is now NORMAN SUGGS. The ID is in the bedside table. "The package" will arrive at 6 AM. Be ready. Be brave. The revolution will never forget you, "Norman Suggs."

While gently kissing her clitoris, hire a barbershop quartet to serenade you. They should be in the room with you. You know why? Chicks. Dig. Sleeve. Garters.

TRUE TALES OF DOIN' IT

from our erotic readers

“Usually what would happen is at around 6AM (I live in DC, so everyone wakes up early) whichever guy I had the one-night stand with would kick me awake and tell me to leave because they had to go to work. What was different about this one was that not only did I wake up on my own, but I woke up to the smell of him making breakfast. Like, the sex was pretty alright, but this literally made it the best one-night stand I had ever had. So, to properly thank him, I get under his apron while he's still fixing breakfast. And of course, when he was moving the sausages from the pan to a plate, he accidentally spilled hot grease on my back. It didn't burn or anything, but it was still a jolt, so my first instinct is to bite down.

“At first, I thought that must've really done it for him, because I feel my mouth filling up with something. Then I realized it tasted like pennies. I immediately spit out a mouthful of blood and look up to see this horrid, pained look on his face. He's grabbing around for a towel and I'm in a panic, and he's telling me to go brush my teeth because they're bloodstained. We then plan going to the hospital, which is an ordeal in itself, because we're not going on the metro, because he has a

towel wrapped around his dick and can't fit it in his pants. I didn't drive at all, and he's not a super-confident driver (also the bleeding dick part probably didn't help), so he has to have both hands on the wheel, which means I have to hold the towel in place and provide pressure. So, the cars passing us by that day must've seen something that looked a lot more fun than it was. When we get to the hospital, he insists to do all the talking because my teeth are still bloodstained. What I had done was torn the vein on the top of his dick with my teeth. He needed immediate surgery and stitches, as well as to be on half dose Viagra that would keep him semi-erect at all times, because if he was too erect the stitches would tear, but if he was too limp they wouldn't hold in place. Which also means he had to get a penis cast." -**Dennis**

EROTICA to read in a haunted house or on a haunted bus

“**W**hat’re you so scared of? Afraid a ghost will slap your ding dong?” Karen really knew how to get Johnny’s goat. She shouldn’t have been so mean since Johnny had only agreed to rub one out in Old Man McGarnickle’s Haunted House because it was HER fetish.

“Pfft. I ain’t afraid of no ghost.” Johnny lay back on the creaky, dry and eager floor and whipped out ‘Medium Johnny.’ “I’ll cum all over this dumb house. I don’t care.”

Johnny stroked and stroked like a good boy. Chills ran down his spine as he was about to strike midnight on the ol’ spurt clock. Did he just hear a wolf moan at the moon? Did that painting on the wall just lick its lips? He pushed on through his terror and dribbled out a bunch of his stuff, satisfying his erotic mandate. Just then, Karen hauled off and slapped his freshly expunged peener.

“What the hell, Karen? What was that for?”

“Oh, sweet Johnny, don’t you get it?” Karen grinned.

“I’m a ghost.”

Read your partner the sexiest story ever told: the story of Noah's Ark. It's literally about every species on the planet fucking! For survival!

Guys, most ladies enjoy seeing their man-partners pleasuring themselves. So that disappointed look she's giving you in the restaurant is probably just her role-playing or something.

SEX TIPS

If he says he wants to watch porno with you, go for it. It can be a great way to start things up. But if he hits play on My Little Pony get the fuck out of there.

It's fun to have sex in the bath! You can pretend you're Aquaman except you're getting laid.

A man's testicles are very sensitive and some sex moves can hurt them a bit, so just poke them back up inside his body where they'll be safe.

Some guys can only orgasm through a sense of commitment and love so just pop the question already!

SEX TIPS to make you the belle of the ball(s)

Looking to “spice” things up? Cook up something kinky for him in the kitchen! Like a banana with a vagina, or maybe a casserole, but with a vagina! Or maybe just some fruit boobs.

Ever try role-playing in the bedroom? Pretend you’re a randy druid looking for some hot chaotic-neutral elf action before winter’s solstice and the return of the ninth age of the dragonborn.

The one sex move guaranteed to drive him wild? Manipulate his penis until he ejaculates. You can use your hand, mouth, lady-business, or really pretty much anything. Just, y’know. It’s pretty easy. Men. Eesh.

EROTICA to read to criminals

Bruce heard the feral noises from inside his parents' bedchamber and couldn't help but steal a glance inside, and the strange new yearning in his pantsal region compelled him to keep staring. Jose, one of the men that tended the family grounds, eagerly serviced Bruce's mother as Bruce's father drew obscene arabesques across the man's back with the tip of his own erect manservant. Just like Zorro, Bruce thought, as Jose's criado scattered a fine strand of pearls across his screaming mother's neck, just like Zorro.

As his father's alfred spewed frothy white pleasantries of its own, Bruce felt extraordinary warmth inside his gut, followed by something rapidly cooling down his leg — he'd wet himself. Letting it go, Bruce whimpered just loud enough to betray his presence to his post-coital parents and their randy shrubsman. As the adults approached the door calling after him, Bruce ran.

Telltale drops of urine like little yellow footprints led his naked and glistening parents to him as young Bruce

forced his way through the massive doors of his stately manor. Running across the grounds as fast as he could, Bruce's parents right behind him, the boy felt alive and free and wet and pee-soaked, really really pee-soaked, for the first time in his life.

He became aware, after a time, that he was alone. His parents no longer gave chase. Wandering back towards the mansion, Bruce found his parents dead at the bottom of a bat-infested sinkhole on the property. Jose wept at the sinkhole's edge, praying to a god that would not respond.

Bruce beat Jose to death with a fire poker, the first of many in lower socioeconomic classes than his own that he would punish for his parents' death that day.

"Yes father," said Bruce. "I shall become a bat."

EROTICA for the dark recesses of your sex tunnels

Gary stepped into the dark club, like a newborn fawn, slimy and weak. A woman approached him. Her blonde hair was like golden wheat, but not dry and lifeless like Farmer Miller's wheat. It was like wet wheat, cascading over her fair features like a tumultuous wheat river. She smiled at him, but he was taken aback at the copious amount of blood dripping from her mouth.

“Oh! I know what you're thinking, but this isn't blood!” She said while baring her ivory teeth, lightly dappled with red like a bad spatter paint job my mother would have attempted on our living room in the '90s. “It's a way of life!”

She took one look at Gary in his leather diaper and knew what he needed. “You're a bad baby, aren't you?”

Gary turned and hiked down his diappy, revealing a tattoo of his arrest record for tax evasion.

“The baddest baby.” Gary smirked as he said this. The woman nodded. It was going to be a hell of a night.
