QUOTE OF THE MONTH:

"Put your clothes back on, Sensuala, we're bored by your constant nudity!"

— CAPTAIN BEEF, XXXXX #7

Pro file: JOHN ALLISON

Artist & writer on: EXPECTING TO FLY, BAD MACHINERY, BOBBINS, SCARY GO ROUND, MURDER SHE WRITES

My hobbies are: waterskiing, jetskiing, and skiing.

The single work I am most proud of is: GARY THE PLANETOID. I was so sad when Jim Shooter blew Gary up.

My pet peeves are: people who put their feet on the seats on public transport. They're not good people.

My place of birth is: Great Britain, UK.

My greatest accomplishment outside the comics field is: I can tell if a screw is a Phillips or a flat-head without looking at the top of it.

My oddest habit is: I sometimes go to policy think-tanks and make stuff up.

If they were making a movie of my life, I'd like to see my part played by: people say I look like Wally Purvis, but he always plays the bad guy, so I'd settle for Jason Darnall.

The reason I got into comics was: this was just where the Witness Protection Program put me. Wait, don't print that, whatever you do.

People who knew me in High School thought I was: endearing, but hiding something.

My favourite performers are: Mandy Patinkin, Elaine Stritch, Diamanda Galas, Beck.

The last good book I read was: THE DIGITAL CLOTH by Helen Pemm.

The last good movie I saw was: TIGERLILY WATUSI.

The biggest influences on my work include: Garfield and Snoopy. Not the cartoon strips, or their creators, but the animals themselves.

My greatest unfulfilled ambition in the comics field is: to ride Garfield like a big horse into San Diego Comic Con, with Snoopy marching behind.

The worst part of my job is: the perpetual fear of death.

When nobody's looking I like to: power drift in my buggy.

The one thing I really want the world to know about me is: I love whisking.

HYPE BOX

DOCTOR SNODDY #1 — Few comics have divided the audience like A La Carte - and that's just how we like it! Creators JUDY WINSLOW and PERCY ST JAMES served up a monthly mixture of magic, love, math and derring-do before handing over the reins to radical RON BANAL and wilful WALT KUKLISS early this year. But now Judy and Percy are back with Doctor Snoddy, the story of a man whose passion for medicine is only matched by his crippling agoraphobia (that's fear of the great outdoors, friends). So make an appointment to meet comics' kookiest new MD. And don't forget to bring a "sample"!

ROBERT COP #100 — They said it couldn't possibly work - the story of a policeman who is also a sad, sentient robot. But it turns out you LOVE Robert Cop, Harper Sharp, O'Halloran and Captain Chung more than we could ever have imagined. And now, to celebrate a hundred techno crime-packed issues from the Big Apple streets, Detective Sharp finally gets to the heart of the R.C. mystery in a special double-sized issue brought to you by RONNY RAMIREZ and DUXTON LAFONTAINE. Did we mention that arch-villain Waldo Aniston is back too? You don't want to miss this one!

EXPECTING TO FLY #1 — From the lightning-fast pen of Brit whizz JOHN ALLISON comes this coming of age tale from the streets of old Blighty. Crumpets, bad teeth and a "spot 'o tea" are doubtless all par for the course as we pay a visit to the olde towne of Tackleford and meet local urchins Ryan Beckwith, Shelley Winters and Tim Jones. Who knows what quaint, quirky things they'll get up to? These young hooligans are loose on the lanes and up to no good. It's a fresh slice of tiffin packed with whimsy, recommended for fans of stiff upper lips and driving on the wrong side of the road!
