PRAISE FOR GILBERT HERNANDEZ:

Gilbert Hernandez, the justly acclaimed cartoonist ... made his name crafting bittersweet stories of life in the fictional [Central] American town of Palomar, stories that are often compared to the works of such writers as Carson McCullers and Gabriel Garcia Marquez.

— OC WEEKLY

Gilbert's a master of drawing body language, and he's got spectacular psychological insight into his characters.

— SEATTLE WEEKLY

His B&W drawings are delightfully cartoonish (influenced by such artists as Milton Caniff and by Archie comics), but also crisply precise and anatomically impeccable.

— PUBLISHERS WEEKLY

Gilbert Hernandez's direct, charming cartooning style is unaffected by pretensions and allows the inner lives of his characters to surface in all their troubled glory.

— LA WEEKLY

Gilbert Hernandez has created some of the most memorable characters in popular fiction.

— LOS ANGELES

There's no denying that Gilbert Hernandez's comics reflect one of the highest peaks the comics medium has yet achieved.

— THE ONION

Gilbert Hernandez's tales of love and woe blew the doors off the medium, exposing its true potential.
